<b>Description of Programs</b>	<p>Founded in 1981, <b>Connecticut Ballet</b> is the state's professional ballet company, performing a diverse repertoire of new works, masterworks, and great story ballets. The company's artistic mission is the presentation of the highest quality professional classical and contemporary ballet. <b>Connecticut Ballet Center and Center for Dance Education</b>, serving all ages and backgrounds to develop a greater appreciation for the dance art form. The mission of CT Ballet is the presentation of professional dance throughout Connecticut, the training of professional dancers, and the provision of arts-in-education opportunities to today's youth-particularly those at-risk. Our educational programs operate under the title, <b>Center for Dance Education</b>, and were established in response to a perceived need for access to dance performance instructional opportunities in the target districts of Stamford, Norwalk, and Bridgeport. Since 1991, the geographic range of our program has developed to include districts and institutions throughout the states of Connecticut. Toward that end, the organization has developed a strong network of community-based social service partners with whom we work to deliver year-round educational and dance exposure services throughout Connecticut.</p>
